

This Quick Reference Guide provides a summary of the main recommendations in the SIGN guideline on **Management of suspected bacterial urinary tract infection in adults**

Details of the evidence supporting these recommendations can be found in the full guideline, available on the SIGN website: www.sign.ac.uk

Recommendations are graded **A B C D** to indicate the strength of the supporting evidence.

Good practice points are provided where the guideline development group wishes to highlight specific aspects of accepted clinical practice.

MANAGEMENT OF SUSPECTED LUTI IN WOMEN (not pregnant)

MANAGEMENT OF SUSPECTED UUTI IN WOMEN (not pregnant)
